

Attention Oncology Families!
Families Supporting Families
Monthly Oncology Support Group

Thriving After Cancer

Please join us for our November meeting as we welcome Dr. Jonathan Espenschied, a long-term survivor of cancer. He will share his journey through diagnosis, treatment and survivorship, along with his thoughts and tips for coping and thriving. He also brings an inspiring message of hope and encouragement for those battling their disease in the form of a mentorship program he has developed. Come be inspired and meet other survivors from SOMBFAB, our own teen support group!

- **Date/Time:** Tuesday, Nov. 15th
from 6:30-8:30pm
- **Location:** Children's Hospital
Cafeteria,
Dining Rooms A & B

Families Supporting Families is a wonderful opportunity to meet other parents and gather valuable information and support for the whole family. We provide a light dinner, along with crafts and activities for the little ones, CHAMPS, our 9-12 yr. old patient group, a sibling support group and SOMBFAB, our teen support group. **Please plan to join us!** Questions?
Contact the Parent Liaisons at (858) 576-1700, ext. 3878.
